DRTC and State Use

The program benefits your community by alleviating the public assistance burden the state faces. As a result of the State Use Program, participants earned income rises, displacing government assistance and reducing the need for state and federal programs.

"A 1% fee of any contract for products or services of the severely disabled shall be assessed against the qualified organization and deposited in the State Use Committee Revolving Fund, as created in Section 3004.2 of the title, for the salary, administrative costs and the other expenses incurred by Central Purchasing of the Office of Management and Enterprise Services for promoting goods and services provided by qualified organizations."

DRTC has been chosen for
State Use Contract since
2008

Ordering from DRTC not only supports the agency, but it also provides jobs for the hard working clients we provide opportunities to every day.

About DRTC

DRTC (Dale Rogers Training Center) supporting Oklahoma since 1953

DRTC specializes in developing job opportunities for people with disabilities. We not only offer multiple types of employment and training, but also the support to connect people with employers in the community. Annually, DRTC serves, trains, and employs approximately 1,000 people, who combined, earned more than \$5 million in annual wages.

DRTC has been approved by the State Use Commission since 2008. These items include a wide variety of awards, apparel, name badges, as well as custom specialty items. Additionally, there are products and services suitable to procure including kitting, packaging, assembly, collating, shredding and screen printing.

The State Use Program is an excellent example of how Oklahoma promotes a diverse and disability-inclusive workforce. Each day, I see people with disabilities who are earning job opportunities for work they find meaningful. We appreciate your purchase through the State Use Program.

Deborah Copeland, M.Ed.

Executive Director

KITTING

Located at the Oklahoma City main campus, participants offer the business community a skilled labor force that produces quality work on time and on budget. Individuals are involved in meaningful, productive, compensated work while learning valuable work-related skills.

Well-trained staff assist participants by helping them reach their specific, work-related goals and increased independence.

Call Mark Claunch at 405-946-4489

START THE PRESSES

DRTC's Board of Directors confidently approved the purchase of a new eight-station screen printing press, allowing the nonprofit agency to continue its entrepreneurial push into the 21st century. "We've been providing apparel to schools, churches, businesses and others through our Promotional Items division, but the new equipment means we are moving screen printing in-house," said Mark Claunch, Sales and Business Manager. "This provides more jobs for people with disabilities while passing on additional savings to DRTC's valued customers!"
